## IMPORTANT INFORMATION

**Pre Installation Gas Test** - The gasfitter will at the time of installation, before they begin, make a gas test to check for any pre-existing gas leaks.

**NOTE:** On the rear chance that a gas leak is found - this will need to be located and fixed before the installation can continue. **Any extra work will be charged over and above any stated, purchased or prepaid amount.**

**NOTE:** If existing gas installation happens to be non-compliant or dangerous - we are required to shut it down the gas so it is safe until it can be fixed. We will seek your approval for further work if required.

**NOTE:** If work is not approved to remedy any issues and we cannot continue with the installation – Watertight Plumbing Ltd reserves the right to charge a discounted call out fee of \$114+gst. We will happily refund the remainder of the purchase price.

<b>Any additional works will charged out at the following rates:</b>		
<b>Standard call out</b> <small>(7:30am – 5:00pm)</small>	Minimum call out <b>\$139+gst</b> (\$159.85 incl)	<i>\$139 = \$99+gst + \$40+gst labour hr &amp; van charge</i>  <i>After first hour labour charged at 15 min increments. Van charges are charged each visit</i>
